- Richmond International Airport to Hotel – \$86.00 - \$114.00 – Depending if there is a surge of requests.
- This would be an option if you can meet up with another student(s) to share the ride/costs

Pickup at the Airport - Tips for requesting a ride at the airport

- Request your ride after you've collected your luggage from baggage claim and are ready to step outside. If you have multiple bags or more than four riders, it's best to request a high-capacity vehicle.
- Select your pickup location when prompted by the app, such as your terminal or door number.
- The app will provide details on where to meet your driver, such as curbside on the arrivals or departures level, or in a designated area.
- Check below to see if your city offers flat rate fares to and from the airport.

If you would like to share transportation costs, please send us your travel information to see if any other student is looking to share costs. We will then give out contact information to each of you.
